

**SPONSORSHIP
PACKET**

Dear Future Sponsor,

We write to ask you to support the VorTX Robotics Team this year with a donation to our annual fundraising campaign. As a growing team, in addition to existing sponsorships from the private sector and Klein ISD, we are always looking out for new opportunities to expand our team footprint. Building a robot can cost upwards to \$10,000 on a seasonal basis. This allows us to go to **2 District competitions, 1 state championship, and potentially Worlds (International competition).** With each tournament costing over \$4,000 to enter, being able to afford these competitions becomes a challenge. Furthermore, if we qualify for the 2024 World Championship, with additional funding **we will be able to afford the best robot parts and the technology giving our members the most experience in fields of engineering, programming, and more.**

Our minimum fundraising goal for 2023-2024 is \$30,000 with a stretch goal of \$40,000. **The minimum allows the team to travel to three competitions and build a robot (minimum to be competitive).** Our stretch goal will allow the team to be more competitive by traveling to three competitions, building a competition robot as well as a practice robot (a best practice of world class teams).

Although a monetary donation is preferred, any form of support will be kindly received! It takes more than money to run a team such as ours, and even something as simple as providing a meal or a donation of tools to our team would be greatly appreciated.

For more information about who we are and what we do, feel free to visit our social medias @vortex3735

We are counting on your support to help give education and opportunities to young minds! A donor envelope is included for your convenience.

Thank you in advance for your support!

Sincerely,

The Klein ISD Robotics Society

FRC Team 3735 VorTX

Levels of Sponsorship

Your donation is important to us and any amount will help us reach our goal! Below are five levels of sponsorship as well as a brief list of tools and resources we will need this upcoming season.

Notable Recognition: \$100

- Company name or family name on our website and socials
- Seasonal newsletters and updates curated by our team sent to you
- Signed thank you note from students
- A team shirt

Bronze: \$1000

- *Company name or family name on our website and socials*
- *Seasonal newsletters and updates curated by our team sent to you*
- *Signed thank you note from students*
- *A team shirt*
- Company logo and name on competition booth and on our team t-shirt
- Additional team t-shirts
- Invitation to our team banquet

Silver: \$2500

- *Company name or family name on our website and socials*
- *Seasonal newsletters and updates curated by our team sent to you*
- *Signed thank you note from students*
- *A team shirt*
- *Company logo and name on competition booth and on our team t-shirt*
- *Additional team t-shirts*
- *Invitation to our team banquet*
- Robot demonstration at your business
- Team plaque at end of year
- Company logo & name on robot

Gold: \$5000

- *Company name or family name on our website and socials*
- *Seasonal newsletters and updates curated by our team sent to you*
- *Signed thank you note from students*
- *A team shirt*
- *Company logo and name on competition booth and on our team t-shirt*
- *Additional team t-shirts*
- *Invitation to our team banquet*
- *Robot demonstration at your business*
- *Team plaque at end of year*
- *Company logo & name on robot*
- High quality 3D print of our competition robot
- Additional robot demos

Levels of Sponsorship

Diamond: \$10000+

- *Company name or family name on our website and socials*
- *Seasonal newsletters and updates curated by our team sent to you*
- *Signed thank you note from students*
